7 DAY - LEVEL 3 FOOT & MOBILE SURVEILLANCE OPERATIVE COURSE

This specialist training course is held over seven days and is available to individuals who wish to develop and enhance Basic Covert Surveillance Skills and Techniques which will make them an effective and proficient operative within the Surveillance and Investigation Industry.

The course only concentrates on the relevant skills needed and both realistic and well structured exercises, theory and practical are taught within a controlled environment to ensure you get the very best training possible.

Our level three training covers four main units and includes the following content;

- Preparation and Planning
- Surveillance Awareness
- Law and Legislation
- Foot Surveillance
- Mobile Surveillance
- Surveillance Triggers
- Combined Surveillance
- Realistic Practical Training
- Technical Equipment
- Help / Support

All successful candidates will complete an individual portfolio of training which is assessed throughout the course. Continual feedback and support is given extensively throughout.

Aston International Group are dedicated to delivering quality surveillance training.
